EZ Repair - Tyre Repair KIT

Complete with: 12 Volt Compressor, 500ml Sealing Liquid bottle (also purchasable separately), Valve Adapter. The shelf life of the sealant is 3 years from the date of manufacture and withstands a temperature ranging from -20° to 40°. It is recommended that the tyre be repaired within 3 days or 100 miles after using the sealant, depending on which condition that occurs first.

Completo di: Compressore 12 Volt, Flacone Liquido Sigillante 500ml (acquistabile anche singolarmente), Adattatore Valvola. La durata del sigillante è di 3 anni dalla data di produzione e resiste ad una temperatura che va dai -20° ai 40°. Si consiglia di riparare lo pneumatico entro 3 giorni o 160 km dall'uso del sigillante, a seconda della condizione che si verifica per prima.

EZ REPAIR

HAI FORATO? GOT A FLAT TYRE? DON'T WORRY: BE EZ!

EZ JACK - Repositioning Wheel

Universal repositioning wheel made of carbon steel with an injection-molded, airless polyurethane tread and a slotted bolt pattern for temporary wheel replacement. The design is stronger and safer than alternatives such as support stands or temporary plastic and wooden wheels. The EZ JACK repositioning wheel is designed to fit four-hole and five-hole hubs and offers a larger offset to accommodate brakes with large calipers.

Ruota di riposizionamento universale in acciaio al carbonio con battistrada in poliuretano stampato a iniezione senza camera d'aria e schema di bulloni scanalato per la sostituzione temporanea delle ruote. La struttura è più resistente e sicura rispetto ad alternative quali i cavalletti di sostegno o le ruote provvisorie in plastica e legno. La ruota di riposizionamento EZ JACK è progettata per adattarsi a mozzi da quattro e cinque fori e offre un offset maggiore per consentire il passaggio di freni con pinze di grandi dimensioni.

Wheel Locks

NO PROBLEM KIT Multigrip Light 2.0 Snow Socks & NO PROBLEM KIT RE-Grip Snow Socks

Multigrip Light 2.0

RE-Grip

NO PROBLEM KIT Multigrip Light 2.0 Snow Socks and **NO PROBLEM KIT RE-Grip Snow Socks** are the silent, easy-to-install, anti-skid devices that can also be used on cars that are not suitable for chains. **It is an evolution of THE ORIGINAL fabric: its chassis setting remains the same (so the typical ridge and valley geometry does not change) but different special yarns with variable section are used to make the sock adaptable to multiple tire sizes.** They obtained the approval according to ON5121 in 2008. Tested and certified devices, according to UNI EN 16662-1.

NO PROBLEM KIT Multigrip Light 2.0 Snow Socks *e* ***NO PROBLEM KIT RE-Grip Snow Socks*** *sono i dispositivi antipattinamento silenziosi, semplici da montare, facilmente utilizzabili anche su vetture non catenabili.* ***È un'evoluzione del tessuto THE ORIGINAL, dove il settaggio del telaio rimane lo stesso (quindi la caratteristica geometria a creste e valli non cambia) ma in cui vengono usati differenti filati speciali a sezione variabile che permettono di rendere la calza adattabile a più misure di pneumatico.*** *Hanno ottenuto l'omologazione secondo la ON5121 nell'anno 2008. Testati e omologati secondo la normativa UNI EN 16662-1.*
